

AN OVERVIEW OF ALL 8 THINKING MAPS

The following examples provide a brief overview of the eight Thinking Maps based on the topic of food.

The Circle Map is for **Brainstorming** or **Defining in Context**.

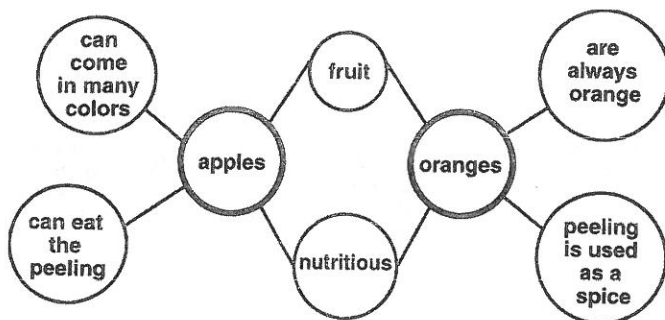

“What facts, details, or key information do you know about food?”

The Bubble Map is for **Describing** using adjectives or adjective phrases.

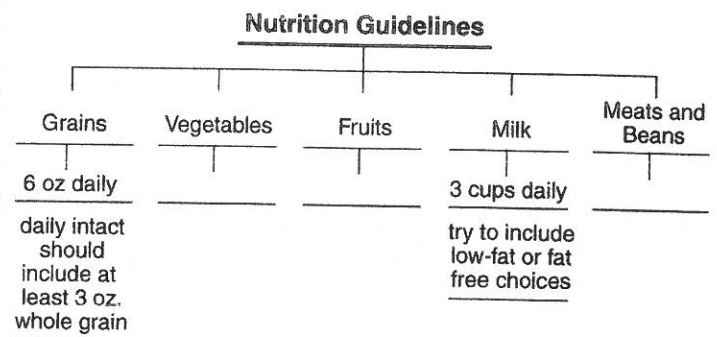

“What adjectives would you use to describe an orange?”

The Double Bubble Map is for **Comparing and Contrasting**.

“What are the similarities and differences between an apple and an orange?”

The Tree Map is for **Classifying**.

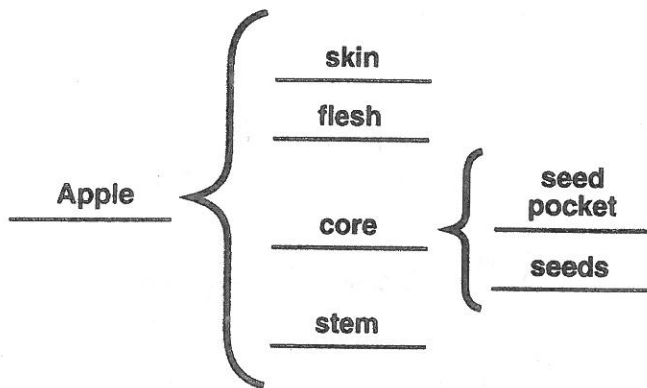

“How could you classify the different food groups?”

“What are some details about each group?”

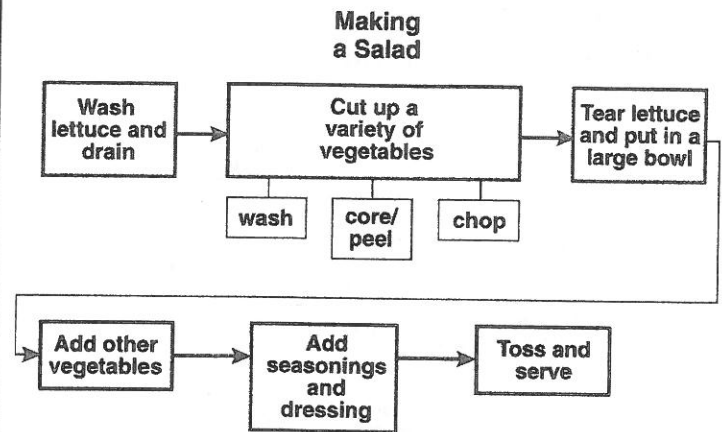

AN OVERVIEW OF ALL 8 THINKING MAPS

The **Brace Map** is used for seeing the structural analysis of **Whole to Parts** relationships.

“What are the parts and subparts of an apple?”

The **Flow Map** is used for **Sequencing**.

“What are the steps you would follow in order to make a salad?”

The **Multi-Flow Map** is used for analyzing **Cause and Effect** relationships.

“What causes a meal to be healthy?”
 “What is the impact of a healthy meal?”

The **Bridge Map** is used for **Seeing Analogies**

“What is the relationship between an orange and vitamin C?
 What other foods have similar nutritional relationships?”
